Corrected Certificate of Service

Attached please find a corrected Statement of Service for Counsel for the General Counsel's Motion for Default Judgment in the above-captioned case.

After serving the Motion by overnight delivery service, the Region was notified by UPS that a correct street address was needed for the Lawrence, Kansas address. The address in Lawrence to which the Motion was sent was 5805 Sagamore Court, Lawrence, Kansas 66607. When notified by UPS that the Lawrence address was incorrect, the Region researched the address for Registered Agent Mike Buckner and realized that his correct address was 5808 Sagamore Court, Lawrence, Kansas. UPS was notified of the new address and the Motion was delivered to the correct Lawrence, Kansas address on May 16, 2011, at 8:46 a.m.. The Region was also notified by UPS that the Motion was undeliverable to the Topeka, Kansas address because the receiver had moved.

It should be noted that the Compliance Specification, which is referenced in the Motion for Default Judgment as G.C. Ex. A, and the letter from me to Buckner, with attached Compliance Specification, referenced in the Motion as G.C. Ex. D, were both sent to the incorrect Lawrence address. However, it is clear that Buckner received copies of both of these documents, despite the incorrect Lawrence address. As is referenced in the Motion for Default Judgment at numbered paragraph 3, the Postal Service's "Track and Confirm" system confirmed certified delivery of the Compliance Specification to Buckner at the Lawrence address on April 1, 2011, at 11:36 a.m., and the Topeka, Kansas address on April 12, 2011, at 3:45 p.m.. Additionally, the letter from me to Buckner on April 22, which attached a full copy of the Compliance Specification for Buckner's convenience, was received by Buckner. As referenced in the Motion at numbered paragraph 5, Buckner admitted in his conversation with me on May 10, 2011, that he had received my April 22 letter. As such, Buckner has no argument that he was not served any of the documents in question.
